

The NUS High School is a specialized school offering a seamless 6-year programme to students between the ages of 12+ and 18 years and who have an aptitude for Mathematics and Science. We invite suitable applicants for the following position.

## **CONTRACT TEACHER** in the following subject: **Chemistry**

We are looking for candidates who possess a relevant professional teaching qualification (or equivalent) and:

- have a passion in the relevant teaching subjects and inspire students to love the subjects via teaching and role modelling
- can participate and contribute to the planning, development and teaching of an integrated 6-year curriculum in the relevant teaching subjects
- are effective within and outside the classroom, adopt innovative pedagogies such as IT-enabled learning, differentiated learning, collaborative learning and learner focused interaction
- can initiate and mentor research projects
- are able to provide for the learning needs and character development of high ability learners ranging from 13 to 18 years of age
- are able to contribute as an effective Co-curricular Activities (CCA) teacher and form-teacher

### **Employment Terms:**

2-years contract, subject to renewal

### **Requirements:**

- Competent in teaching Chemistry up to O-level. Knowledge in A-level H2 content is advantageous
- Enthusiastic and passionate about teaching Year 1 - Year 3 students
- Strong interest in a particular area in Chemistry (for example, inorganic chemistry, physical chemistry, environmental chemistry etc.) and ability to design and offer an elective or enrichment will be an advantage
- Research work experience is desirable - able to offer and guide Chemistry/interdisciplinary research projects for high school students

Remuneration will be commensurate with qualifications and experience. Interested applicants, please email your detailed resume to [hr@highsch.nus.edu.sg](mailto:hr@highsch.nus.edu.sg)

*Only shortlisted candidates will be notified.*
