

The NUS High School is a specialized school offering a seamless 6-year programme to students between the ages of 12+ and 18 years and who have an aptitude for Mathematics and Science. We invite suitable applicants for the following positions:

## **POST 2: TEACHERS** in the following subject: **Chemistry**

We are looking for candidates who are able to:

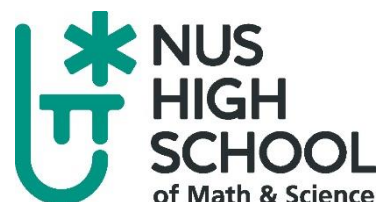

- participate and contribute to the planning, development and teaching of an integrated 6-year Chemistry curriculum
- be effective within and outside the classroom, adopt innovative pedagogies such as differentiated learning, collaborative learning and learner focused interaction
- provide for the learning needs and character development of high ability learners ranging from 13 – 18 years of age
- either mentor and guide a form class or oversee a CCA, as well as undertake other responsibilities within the framework of providing a holistic education for the students

### **Requirements:**

- A good Bachelor's or higher degree in Chemistry with relevant professional teaching qualification (or equivalent)
- Competent in teaching Chemistry up to "O" level and/or "A" level H2 and/or H3 content
- Enthusiastic and passionate about teaching Year 1 - Year 6 students
- Experience in teaching Chemistry Olympiad is advantageous
- Research work experience is desirable - able to offer and guide Chemistry/interdisciplinary research projects for high school students

Remuneration will be commensurate with qualifications and experience. Interested applicants, please write in or email your detailed resume and a recent passport-sized photo by **22 February 2019** to:
